All others will bowl scratch at 225. Summer league averages, and averages from designated sport leagues, and leagues we determine to be a sport condition league will not be allowed. **Averages from Sport Leagues will be adjusted according to the USBC conversion chart.** Yearbook averages, published or submitted for publication will be used as official, whether past years or current "Time of Bowling" average. It shall be each bowler's responsibility to verify the accuracy of his average, whether originally submitted by the bowler, or others. Failure to use the proper average or make a correction, may disqualify score if submitted average is lower than actual average; we base prize winnings on submitted average if it is higher. **Individual bowler submitting incorrect average must request a correction in writing postmarked within 7 days of time of bowling, to receive a lower corrected average. No average will be adjusted downward after 7 days.**
3. If as of time of bowling entrant has a current season average for 21 or more games which is 10 or more pins above previous season's average, bowler's current average must be used. USBC current yearbook will apply.
